VOL. 44, NUMBER 23

## Burning Grass Is Biggest Worry of Daly City Fire Department

Grass fires are the biggest worry of the Daly City Fire department. Last week there were four grass fires. During the week before there were two. Eighty of the 146 fires in 1946 were caused by burning grasses.

But the local fire fighters are doing something to curb these fires. This was brought out today by A. J. Bodien, superintendent of the water department and building inspector.

He said that in a few weeks the fire department will start to burn the grass from vacant lots in Daly City so as to prevent grass fires from starting.

With such measures as this Bodien hopes that there will be fewer and fewer grass fires.

Last Friday evening there were two grass fires reported within two minutes of each other. At 9:13 p. m. there was a grass fire reported at the end of Garwood street and companies 1 and 2 responded. At 9:15 p. m. a grass fire was reported at 399 Vista Grande avenue and companies 1, 2 and 6 responded.

Last Thursday there was a grass fire on the north side of 6860 Mission street. Companies 1 and 6 responded to the call and burned off the rest of the lot.

Last Wednesday afternoon companies 1, 2 and 4 responded to a grass fire on the hill at the end of Crocker avenue.

Another grass fire during the week was on the Black hills a week ago Monday. Companies 1, 2 and 4 responded.

Last week there was a grease fire at the Hill King Stop restaurant on Friday morning and a light pole burning opposite 108 Los Olivos avenue on Wednesday evening.

On Monday evening there was a fire in the handball court of the Woodrow Wilson Elementary school and Companies 1, 2 and 4 responded.

## County Fiesta Scheduled To Open September 10th

The county fiesta will be held for four and one-half days, September 10 through September 14, Norvell Gillespie, manager of the county fair association, said today.

The fiesta was originally scheduled for three days, September 18-21, but the change was made to eliminate possible conflict with garden shows and county fairs in Marin and Santa Clara counties.

Gillespie, in making the announcement of the change of dates, submitted a request from the association for transfer of \$10,000 of state allotted money to the fiesta to the association's operating fund.

The supervisors approved the request and if everything goes as expected the association will take possession of 25 acres of land adjoining Bay Meadows as a permanent fiesta site sometime this month.

## Recreational Activities For Next Week

July 14 to 19—"Athletic Week"

### Special Events

Monday, July 14—10:30 to 11:30 a. m., girls tumbling class at high school; 2 to 3 p. m., boys tumbling class at high school; craft classes start the construction of puppets and a puppet theatre; 7 to 9:30 p. m., basketball at high school gym; 8 to 9 p. m., physical fitness class for women.

Tuesday, July 15—10:30 to 12:30, free movies at high school auditorium, cartoon, "Last Frontier," and sports films; 7 to 9:30 p. m., junior basketball league games.

Wednesday, July 16—Athletic competition on all playgrounds in preparation for Thursday's field meet; 10:30 to 11:30 a. m., girls tumbling class at high school; 2 to 3 p. m., boys tumbling class at high school; 7 to 9:30 p. m., badminton for adults at the high school gym.

Thursday, July 17—10:30 to 12:30—track and field day program of competition for boys and girls at the high school, all playgrounds will participate; 7 to 9:30 p. m. senior basketball league games; 7:30 to 9 p. m., chorus at the high school.

Friday, July 18—roller skating party at Skateland; 7 to 9:30 p. m. elementary age basketball at the gym; 7:30 to 10:30 p. m., teen-age dance at 337 Bellevue avenue.

### Regular Events

Organized and free play in many activities are available for boys and girls at the five playgrounds. The playgrounds are supervised Monday through Friday, 10 a. m. to 5:30 p. m. and on Saturday from 10 a. m. to 2:30 p. m.

The handicraft schedule is: high school, 1:30 to 3:30, Monday through Friday; Marchbank, 1:30 to 2:30, Monday through Friday; Crocker, 10 to 12 a. m., Monday; Jefferson, 10 to 12 a. m., Wednesday; Lincoln, 10 to 12 a. m., Saturday.

## One Man Killed, 14 Injured In County Crashes

San Mateo county's highway death toll rose to 32 this week when Edwin A. Maier, of San Bruno, was killed by a northbound commuter train which hit his truck at East Broadway boulevard, in San Mateo, on Monday morning.

The train carried the loaded two and one half ton gravel dump truck almost 1400 feet north of the crossing before coming to a stop. The truck burst into flames when its gas tank exploded.

Trains were delayed more than one hour as wrecking crews repaired the damaged engine and carried off parts of the demolished truck.

There were two accidents in the Daly City area within the past week. Last Sunday there was a three car collision at Mission and Goethe streets. The three cars were driven by Thomas A. Tromborg jr., 174 Moltke street; George E. Stanley, 199 Evergreen avenue, and Mrs. John O'Neil, 195 Evergreen avenue. Mrs. O'Neil was taken to Alameda hospital with minor injuries.

On Tuesday evening, July 1, there was another three car collision on Mission Circle near Hillcrest drive. Cars involved were driven by J. E. Purcell, 33 Prospect avenue, San Francisco; Raymond E. McDonald, 334 De Long street, San Francisco, and Robert S. Gaar, 98 Mission Circle. There were no injuries and slight property damage.

There were 19 traffic injuries during the holiday period in the county.

Two Hamilton Field soldiers, Cpl. Roy V. Keeling, and Cpl. Buster Cox, were cut and bruised when their truck overturned on Coast highway near Sharp Park early Sunday.

William Hayes, of Belmont, suffered a broken leg on Sunday evening when he was hit on El Camino Real by a car driven by Frank D. Fragale, of San Carlos.

Eight year old Charles Von Rodsky, of South San Francisco, received head injuries when he was hit while riding his bicycle in Bayshore City on Sunday.

### GUN RETURNED . . .

A small snub-nosed 32 caliber revolver has been returned to Joseph C. Branstader, 101 Garden Lane, Colma, after it was taken from his garage sometime last Saturday.

The revolver was found in the hedge that borders along the second and third holes of Lake Merced Golf course and Garden Village on Saturday morning. The gun was turned over to the police department.

## Flying Discs Appear In San Mateo County

Those "flying saucers," which have been reported seen in many parts of the nation during the past week, are more substance than shadow to many residents of San Mateo county.

From one end of the county to the other the mysterious discs have been reported seen. On Monday, Stanley Marmon, of Redwood City, and his mother both reported seeing "about thirty" of the saucers "about the size of an automobile."

On Saturday afternoon a lone disc was reported seen by Augustin Fernandez, of Palo Alto, a former Army Air Force captain. He was in Redwood City at the time and he says the object, about six feet in diameter, was traveling southwest. The object later veered around suddenly then headed toward the East Bay, the ex-captain said.

Last Monday night Mrs. Ida White, of Redwood City, reported seeing the flying saucer.

No satisfactory explanation of the phenomenon has been made. The saucers first were reported seen in Washington State on June 24. The latest tabulation showed the mystery objects have been reported in 36 states, the District of Columbia and Canada.

This Tuesday the Roswell Army Air Base in New Mexico announced that it had captured one of the flying discs but the object was identified as the object of a high altitude weather observation device.

## False Alarms Total One A Week

The Daly City Fire Department responds to a false alarm call on the average of once a week. During 1946 there were 46 false alarms. Last month there were four.

The most recent false alarm was on Tuesday afternoon, July 8, at 2:05 p. m. Companies 2 and 6 responded when the fire alarm box at Bruno avenue and School street was pulled. Another false alarm was on the morning of June 29 when the alarm box at the corner of Vista and Santa Barbara avenues was pulled and fire companies 1, 2 and 4 responded.

So far a few persons have been caught turning in false alarms and they have been reprimanded.

In the future, however, the fire and police departments have indicated they will prosecute to the fullest extent of the law. The maximum penalty is six months in jail and a fine.

Daly City also has a standing ordinance which provides a \$25 reward for information leading to the arrest and conviction of anyone who has turned in a false alarm.

City officials realize the hazard and danger incurred to firemen. Each time the alarm is sounded there is a chance for an accident.

The firemen are willing to take the chance of getting to and from a fire, but there is not one man in the fire department who is willing to risk his life answering false alarms.

But there is no way of knowing whether the alarm is a false alarm or not, so each call is treated as a real fire.

### Flag Still Flying

The American flag is still flying day and night at Marchbank Park because of a broken pulley at the top of the 54 foot pole.

A. J. Bodien, superintendent of the water department, said today that the pulley will be repaired probably tomorrow.

The flag has been flying since Sunday afternoon when it was raised for the afternoon ball games.

Patrolman E. Beecher tried to take the flag down after several persons called the police department. Fire Chief Elmer Kennedy said the pulley was broken.

However, city officials are now waiting for a boom so they can get the flag down because they do not trust a fire truck ladder in the heavy wind.

## New Gas Tax Levy Gives Daly City 150 Per Cent Increase Over Last Year

## Tax Reductions In Order Says Brad Trenham

"Local taxpayers in San Mateo county need to redouble their vigilance during the coming weeks, so far as local government budgets are concerned," N. Bradford Trenham, general manager of California Taxpayers' association warned today.

"Good-sized tax rate reductions are in order in many communities despite the upward trend in government expenditures," he declared.

Reasons why reductions in tax rates are due this year include:

1. Anticipated larger total taxable valuations in most communities.
2. Vastly increased state support of public school districts.
3. Legislative increases in state aids to local governments.
4. Passage of bond issues in many places to finance capital outlay programs.

"In addition, some communities have carry-over surpluses which have resulted in part from the prudence of governing boards in holding down spending at today's high price levels," he said.

"Budgets set by local governing boards during the next few weeks will determine the size of the tax rate and the tax bill on property for 1947-48.

"Aggressive citizen action backing economy efforts of local governing boards and demanding full measure tax rate reduction for 1947-48 is needed if local tax bills are to be held within bounds," Trenham declared.

## Business Men Given Warning

A 51-year-old shabbily dressed fast-talking advertising blotter salesman was in Daly City early this week and Police Chief W. W. Sunderland believes that some business men may have given the phony salesman some orders.

The salesman, who sometimes travels under the name of Donald M. Starr, is now believed to be in the Santa Clara jail but he has admitted operating in most of the cities in the peninsula including Daly City.

It is known that he was at the New San Francisco Auto Court on Monday trying to solicit business.

### DOG LOST

A three month old black mongrel dog about the size of a small fox terrier was reported missing by Mrs. Monks, 139 Santa Barbara avenue, yesterday.

## County Workers May Yet Receive Wage Boosts And A Five Day Week

Some 500 county employees soon may receive a 10 per cent wage increase in addition to a five day week. County Executive Frederick Peterson and some members of the board of supervisors have come out in favor of the five day week. At the same time Daniel J. Scannell, business representative of the San Mateo County Employees Local 829, AFL, has requested the wage increase.

But the county controller's office does not know where to find \$190,000 for the increase. Less than one year ago, the board of supervisors granted a blanket increase averaging 11.5 per cent for all county workers.

Last Thursday Governor Warren signed a bill permitting five day operation of county offices on a local option basis.

Peterson then came out in favor of the five day week because he said it would make employees happier and service would be better.

He pointed out that many county employees come to work from Daly City and would welcome the

Daly City will receive an estimated \$29,515.73 in gasoline tax receipts during the 1948-49 fiscal year, an increase of 150 per cent over the quarter-cent allotment under the previous state highway law.

Last year Daly City's revenue from this source was \$11,806.29.

Colma's share of the tax receipts will be \$895.65 this year.

The estimate was made today by the central coast council California State Chamber of Commerce.

The estimate for the San Mateo county was \$298,646.25 for the new fiscal year.

The county will receive an additional \$31,445 in new funds for a total of \$583,501 in state highway allocations.

The county's share will be from car registrations and county maintained road mileage.

San Mateo County's participation in the minimum state construction guarantee for the next five years under the Collier-Burns Highway bill will amount to \$3,487,675.

The central coast council's highway committee is meeting in San Francisco today to recommend policies concerning expenditures of the new highway funds.

The council says that adequate finances should permit early acquisition of rights of way and modernizing of many of this area's major arterials, materially lessening traffic congestion, accidents, operating expense and time loss. The new law provides for county road and city street improvement.

## Judge Sweeney Metes Out Fines In Traffic Court

Fines for traffic violations took up most of the session of city court last Thursday.

City Judge William F. Sweeney gave out the largest fine, that of \$75, to William J. Folney.

Folney was charged with being drunk in and about his car.

Eleven individuals were fined from \$5 to \$10 for speeding. They were Ben Baxter, Thomas Brennan, Richard Deering, Agnes Hendricks, Thomas J. Keating, Jr., Roy Nelson, Q. Quintarelli, Frank J. Seybold, William Pawson, Charles Shaw and Wallace Wilcox.

Mrs. Gloria Cartledge and Gordon Bermingham were both fined \$5 for driving without an operator's license.

Fined \$2.50 for passing through a signal, double parking or parking in a prohibited zone were: Gino Paoli, James Rudden, Fred S. McJilton, Carl Ohannesian and Richard N. Smithwick.

Fined \$2 for passing through an arterial were Hugo Pasquimi, John Ramirez and Quinto Spediacci.

extra day for vacation. Col. Henry W. Edmonds, member of the board of supervisors, said there "was no reason to stay open six days a week" when no one has to travel more than 25 miles to reach the county seat.

He suggested that the 5-day week should be further studied by the board in order to determine if it would be a great inconvenience to the public.

As for the wage increase for county workers, the San Mateo County Employees Assn. called a meeting last week to discuss the union request but later cancelled the meeting.

Gray Wilson, secretary of the association, said that a request for a general pay boost at this time might spoil the employees' chances of getting larger increases later in the year.

The civil service commission is now considering the wage boost and last week it granted a 15 cents an hour across the board pay boost to about 20 truck drivers, heavy equipment operators and operating engineers employed in the county road department.

## THOSE FLYING SAUCERS

If you haven't seen those mysterious saucer-shaped disks traveling through the sky you had better start looking for them.

They've been "seen" in Idaho, Arizona and various places in California. Sometimes they're traveling at great speed, sometimes singly, sometimes in groups.

If the reports of persons who claim to have seen them keep increasing at the present rate you may soon have the distinction of being the only one who hasn't seen them.

But we'd still like to know what they are—if anything.

## MATERIALS SHORTAGE EASING

After the long drought of building materials there is now ample evidence that supplies are coming into the market in quantities sufficient to meet the huge demand for new dwellings.

A recent report on home and apartment construction made by a representative of the National Housing Administration reveals that in the first five months of this year approximately 300,000 such units were completed. This compared with 98,000 completed in the corresponding period of last year.

In building permits California is accounting for more than one-fifth of the nation's entire total—Los Angeles alone has issued 14 per cent of them. This too, is for the first five months of this year.

With the building materials shortage now virtually a thing of the past, more speed should be made toward meeting the acute housing need. There is certainly plenty of money available for construction. And bankers aren't sitting back on plush bottom chairs waiting for borrowers to come and get it. Instead, they're seeking out those who want to build, and are not only financing their projects but are helping them avoid many of the mistakes commonly made in home planning and building.

"Home and apartment construction," declared Frank R. Creedon, national housing expediter, "is now proceeding at a rate which was not reached until five or six years after World War I. . . . This record has been accompanied despite the fact that World War II was of much longer duration and had a far greater impact on the economy of the entire country."

Maybe we aren't doing so bad, after all.

## HOW MUCH?

Now that the "war" (in Sacramento) is over and Californians are paying the higher automotive taxes, it is interesting to note that there seems to be considerable difference of opinion as to how much the new tax schedule will actually produce in revenue.

J. W. Vickrey, traffic engineer of the State Highway Division, expressed his belief that nearly \$40 million in additional revenue would be collected from the gas tax alone. His other estimates were: \$12,245,000 more from registration fees; \$14,678,000 additional from truck taxes; and increase of \$1,226,000 in Diesel fuel taxes; and \$2,350,000 more from operators' and chauffeurs' licenses.

If these figures prove reasonably accurate Californians will be paying about \$65 million more each year. Added to the approximately \$95 million they've been paying, that's quite a chunk of money.

The increase in the taxes of the trucking industry has been unusually heavy. Yet, even before the increase, trucks were paying about 25 per cent of the total automotive taxes while making up but 10 per cent of the highway traffic.

The question now is whether the for-hire truckers, who handle two-thirds of all California intrastate freight, will have to obtain hauling rates so high as to injure their competitive position, or hold their rates down and suffer further financial losses.

With California industry and agriculture geared to highway transportation it is quite evident that any development which injures this transportation system is bound to injure the state's economic position.

## AMERICAN LIBRARIES

At its San Francisco convention the American Library Association came up with a report that must have surprised most persons who read it.

That report stated that 35 million Americans—one-fourth the population—have no access to public libraries. The remedy? The association says it will cost \$140 million annually to correct the situation.

If that's the amount needed it should be provided. Access to books is just as important as access to schools.

## LETTERS TO THE EDITOR...

Dear Editor,  
The session of the California Legislature which closed recently was not only one of the longest, but one of the roughest on record. Old timers around the State Capitol say they can't remember a time when the political bludgeon was wielded with such force as it was in this session.

This sledgehammer technique reached a climax on the Assembly's final vote on the highway bill. Witnesses of this final vote say that the political pummeling of assemblymen by the Administration and the lobbyists to force them to support the measure was nothing short of terrific. Yet, most reports out of Sacramento have tried to make it look like all the lobbying was being done by those who did not believe that tax increases of the amount finally approved were needed at this time.

One thing many assemblymen were holding out against was the collection of the truck gross receipts tax by the State Board of Equalization. This collection costs the state almost a half million dollars each year. Yet, the truckers themselves proposed a plan that would have saved that half million collection cost while still raising as much money.

But the same groups that shouted so loudly about the need for more money to build new roads "to save lives on the highways" were willing to waste that half million annually of the taxpayer's money. Now, a half million dollars isn't chicken feed even in these days, and it could and should be used for road building, not for unnecessary collection costs.

At any rate, the highway bill has been passed and millions of additional dollars will flow out of the public pocket into the state treasury. Citizens must be alert to see that they get full value for their money in better roads. Above all, they must be sure that their cash isn't used to decorate a political "Christmas tree" for the benefit of politicians.

San Mateo S. J. MOORE

Dear Editor,

In the recent war a remarkable number of young men attained high rank, especially in the Army. Several under 30 became generals, and many not yet old enough to vote reached the rank of major and even higher. Even General Eisenhower who bossed the big show in Europe was a comparatively young man for the assignment he handled.

This trend toward placing greater responsibilities on youth has been developing over the years. In business, industry, art, education, politics—in almost every field of endeavor—young men and women have been taking the lead. One of the pioneers of this "youth movement" was California's noted banker A. P. Giannini who established his own bank at the age of 34 and has relied heavily on the talents of young men to help him build it into the world's largest.

## READING &amp; WRITING

BY Robin McKoun

One of the most successful plots of all times is this: A group of people, strangers to each other, are brought together by chance. They are held together through some unforeseen accident, until the personality of each is revealed—not as it seemed on the surface but as it really is.

This formula was followed by Boccaccio in the "Decameron," by Chaucer, in his famous "Canterbury Tales," and, in more modern times, in Thornton Wilder's "The Bridge of San Luis Rey." Now John Steinbeck gives it a different twist, in his new novel, "The Wayward Bus," which the Book-of-the-Month Club has selected for March.

The bus of the story is a short-run one in California, carrying passengers from the big Greyhound buses between Rebel Corners and San Juan de la Cruz. The driver and owner of the bus is Juan Chocoy, an Americanized Mexican, who also has a little gas and lunch station at Rebel Corners, and who is married to a woman older than he and afraid of losing him.

The other passengers include Juan's adolescent and devoted helper; Norma, a waitress, in love with Clark Gable; Mr. and Mrs. Pritchard on a holiday with their contemptuous and neurotic daughter; a salesman of gadgets; an old man determined in advance that the trip will end in catastrophe. But the dominating influence on the bus is Camille, a modestly dressed young woman who—through no fault of her own—has an irresistible lure for men.

It is because of Camille, however indirectly, that Mr. and Mrs. Pritchard indulge in their first public quarrel—they have always been known as such a happy couple. It is because of her, too, perhaps that Juan lets the wheels skid in the mud and leaves the stranded bus with the intention of not returning. The story ends with the bus safely on its way again, but the reader knows that none of its passengers will ever be quite the same.

titled "The Bank That Youth Built" reveals that of the nearly 14,000 employees of Bank of America, 10,600 are 39 or under, and almost half the executive officers have yet to reach that age.

The failure of older men to meet problems of long standing in many fields has caused the world to look hopefully to its young men to solve them. It is said that youth will be served, but today it is more accurate to say that youth will serve—is serving the world to a greater extent than ever before.

## Donald McHugh, Willidine Franklin Now On Honeymoon

Donald McHugh and Willidine Franklin, both of Daly City, exchanged marriage vows last Friday, July 4, at a double ring ceremony performed by the Rev. Summers of the 38th Avenue Baptist church.

The bride wore a white suit set off by a pale pink orchid. She was attended by Bennie Jean McHugh as matron of honor and Beverly Appleton, bridesmaid. Champ Baker acted as best man for the bridegroom and Ronnie Spate officiated as usher. The bride was given away by her father, William Franklin.

Immediately following the wedding a dinner was held for relatives and friends in Colma. The newlyweds are spending their honeymoon on the Russian river and will make their home in Daly City upon their return.

Both the bride and bridegroom are well known in Daly City. Donald is the son of Mr. and Mrs. Howard McHugh, 247 Oliver street, and Willidine is the daughter of Mr. and Mrs. William Franklin, 679 Templeton avenue.

## Native Sons Plan Annual Picnic

Arrangements have been completed by Mission Parlor No. 38, NSGW, for their World War II Reunion and "Day in the Country" at Oak Cove Park, San Mateo county, Sunday, July 27. A complete program of entertainment, including games for young and old, will be offered during the afternoon and evening.

The park can be reached from both the Skyline and El Camino highways. Motorists driving their own cars using the latter route should turn right at Mills Memorial Hospital, and then follow the arrow indicators four miles on Crystal Springs road. Those using the Skyline will also find arrow indicators directing their route of travel.

Special features include a softball game between El Carmelo Parlor NSGW of Daly City and Mission Parlor and the awarding of beautiful layette sets to the youngest Native Son and Native Daughter present, the work of past President Miss Winifred McGrath of Mission Parlor No. 227, NDGW, principal of General Pershing school in this district.

Percy Cosbie, chairman of the arrangements committee, is being assisted by Al Donohue, William Hamburg, Al Masry, Raymond J. McGrath, Sydney Bernstein and Alfred Berryessa.

Stocks of rough rice on March 1 in California warehouses and mills totaled 2,087,000 bags.

## Legion Auxiliary Elects Officers

Mrs. Rose Giorni was elected president of the Daly City Unit No. 410 of the American Legion Auxiliary at the last meeting.

Other officers elected were: Mrs. Lillian Welsh, first vice president; Mrs. Julia V. Jordan, second vice president; Mrs. Margaret Kenney, secretary; Mrs. Vivian Pahlka, treasurer; Mrs. Minnie Bernardi, chaplain; Mrs. Ann Welsh, historian; Mrs. Kathleen Matzak, sergeant at arms; Mrs. Agnes Prescott, marshal; Mrs. Gertrude Gehringer, musician.

The executive committee is composed of Mrs. Mary Crane, Mrs. Catherine Foreman, and Mrs. Naomi Murphy.

Installation for the new officers elect will be held in August.

On Saturday evening, July 19, at 6:30 p. m. the unit will have a pot-luck dinner and dance at the Legion hall for members and friends.

For information call Mrs. Kathleen Matzak, the chairman, at Juniper 5-7631.

The delegates to the convention are Mrs. Rose Giorni, Mrs. Margaret Kenney, and Mrs. Lillian Prescott.

Alternates are Mrs. Ann Welsh, Mrs. Naomi Murphy, and Mrs. Vivian Pahlka.

## PTA Sponsors Dance

An old-fashioned country barn dance, featuring square and round dancing, will take place this Saturday, July 12, at 435 Bellevue avenue. The dance is being sponsored by the General Pershing PTA and Mrs. Tom Jent is chairman. There will be refreshments, and tickets can be purchased at the door.

## Marriage Rate Rises

In spite of the high cost of living more people got married in San Mateo county last month as compared with June, 1946.

This was confirmed today by County Recorder T. C. Rice. He issued 181 licenses this June, while there were 144 licenses issued in June, 1946.

El Carmelo Parlor No. 181, NDGW, took second place prize of \$35 in the drum corps competition during the Redwood City Fourth of July parade, one of the features of that city's three day rodeo celebration.

Girls participating in the parade were Verna Moresco, Nadine McDonnell, Lois Rich, Johanna Schwarz, Yvonne Hulme, Mary Thimis, Kathleen Day, Dorothy Lineham and Marie Hogerheiden. First place in the drum corps competition was won by the South San Francisco Athletic Association.

Thousands saw the parade and an estimated 9,000 persons saw the lengthy rodeo show on Friday. One unscheduled spine chiller took place when a Brahma bull hurdled a six foot fence in the arena, tore through the outer fence and ran across the Bayshore highway where he gored his way through a fence. The bull was finally lassoed by one of the cowboys from the rodeo. No one was injured.

There was a holiday atmosphere in all of the cities of the peninsula during the long holiday week end. Some 10,000 persons witnessed the Burlingame Country Club's annual fireworks display on Saturday evening from the hills over Burlingame and San Mateo.

At one time during the evening, and from a high location, many persons saw fireworks displays from Redwood City, San Carlos and Hillsborough.

Although there were no fireworks in South San Francisco that city did have a four day Boosters Fiesta of holiday entertainment and gaiety. Featured on the program were three softball games, between picked teams. One of the games was between Bear Photo and the Colma Holy Angels champion pigmy team. The Holy Angels lost.

The Donahoe Monument in San Francisco is a memorial to the founder of the city's first iron foundry, first street railway and first gas company.

## This Month's STAR RECIPE

By BETTY BARCLAY

Definitely in the "cloud with the silver lining" department is the fact that hot breads are no longer forgotten during warm weather. The delicious and healthful steaming hot muffin is an all-year-round treat. So the following recipe has been selected as our "Star" for this month:

### Bran Flakes Muffin Mix

3 cups sifted flour  
3 tablespoons plus 1 teaspoon double acting baking powder  
1 teaspoon salt  
½ cup sugar  
¾ cup shortening  
6 cups 40% bran flakes

Sift flour once, measure, add baking powder, salt, and sugar, and sift into large bowl. Cut in shortening with pastry blender or two knives until mixture resembles coarse meal. Add flakes and mix well. Makes about 9 cups mix.

Place in glass jars or crockery bowl; cover lightly with cloth or plate to allow circulation of air. Store in refrigerator or other very cool dry place. Keeps well for 3 weeks.

### To Make Muffins

For 7 large muffins, measure 2 cups Bran Flakes Muffin Mix into bowl. Add 1 well-beaten egg and ¾ cup milk, then mix only until dry ingredients are dampened. Fill greased muffin pans ¾ full. Bake in hot oven (425°F.) 15 minutes, or until done.

### Testing Atomic Medicine

Carbon 14, the radioactive matter produced at the regular army atomic laboratories, has been released to hospitals for tests in the treatment of goiter, diabetes, cancer, and other diseases.

## News From Grace Church

The various circles of the Grace Presbyterian church are meeting only once a month during July and August.

The committees, however, are busy in preparation for the fall bazaar which will be held November 14 at the Masonic hall.

Alma Becker, Florence Hannah, Lois Rentsch, Jane Bernath, Bill Evans, Lurline Alcott, and Marilyn Hodge just returned from the Sr. Hi School summer conference at San Anselmo.

At the communion service last Sunday seven new members were received into church membership.

The Junior High conference will be held at Camp Duncan in Muir Woods beginning next Sunday. James Dowell jr., Carol Hodge, Muriel Dado, and Ora K. Miller plan to attend.

In spite of vacations the Sunday school will maintain a full staff of teachers. Children who have had vacations are urged to keep up their regular attendance. Mrs. Hazel Dowell presented many perfect attendance pins last Sunday.

### Russ Hackett, Ex-Grid Star, Drowns At Tahoe

Russ Hackett, 21, Burlingame High school football and basketball star of 1943, was drowned near Lake Tahoe last Saturday when his boat capsized.

Hackett entered Menlo Junior College after he graduated from high school. During the war he was in the 339th Infantry Division.

At the time of his death he was enrolled at Stanford University.

The Central and North Coast areas of California comprise approximately two per cent of the state.

## Otto Sodemann

Mr. Otto Sodemann, 55, of 274 Edgemar street, Daly City, suffered a fatal heart attack on Saturday evening.

Mr. Sodemann, a bachelor, was found dead on the floor of his bedroom on Wednesday evening by three fellow employees of the Wessix Electric Company, San Francisco.

The three employees, Fred Ward, of 6 Bronte street, William Lee, of 495 Valencia street, and Melford Hiel, of 390 First street, went to the residence because Sodemann had not been at work for the first three days of this week.

When the men received no response they took off the back door of the house and entered Sodemann's rooms.

Sodemann, a mechanic for the Wessix Electric Company, has been a resident of Daly City for the past six years. Both of his parents are not living and his closest relative is his aunt, Mrs. Frieda Harmon, of San Francisco.

Funeral arrangements are tentative but will probably be conducted on Saturday morning at the W. C. Lasswell Mortuary.

## Mrs. Rosie Paislow

Mrs. Rosie Paislow, 69, of 901 Hanover street, Daly City, suffered a fatal heart attack on Sunday evening at her home.

Mrs. Paislow, a native of Missouri, had lived in California for the past 26 years and in Daly City for the past six years.

She is survived by her two daughters, Miss Irene White, and Mrs. Norma E. Ross, both of Daly City.

Funeral services were conducted by the W. C. Lasswell Mortuary on Tuesday, July 8, by the Rev. Willis Mory, of 6123 Mission street.

Burial was in the Olivet Memorial Park, Colma.

## New Arrivals - - -

## Folk Dancing Class Begins On Wednesday

The Daly City Recreation Department is happy to announce that enough adults have shown interest in folk dancing instruction to start a class.

The first class will be held next Wednesday, July 16, from 7 to 9 p. m. at the recreation hall on Bellevue avenue.

Miss Muriel Mooney, who has had a great deal of experience in folk dancing instruction, will have charge of the class.

Now is the time to put up your  
**1947 PACK**  
HOME CANNED FOODS

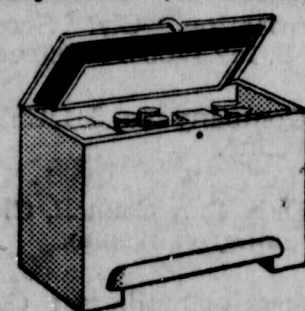

### BEST BUYS IN JULY AND AUGUST

- Figs
- Pears
- Apricots
- Peaches
- Plums
- Berries

One of the best ways to cut down food costs in your home is to "can all you can" this summer. Buy your fruits and berries and vegetables when crops come in and take advantage of low price "specials." Or if you have a garden that produces an abundance of fresh foods, save by canning or freezing the surplus. Last year, California women put up more than 4,000,000 jars of home canned foods. This year they are planning to can and freeze even more. If you would like authoritative instructions on putting up foods at home, write for the free "Home Canning Bulletin," (No. 417) Agricultural Extension Division, University of California, 112 Giannini Hall, Berkeley 4. Home canning helps satisfy the big eaters in your family and whets the appetite of "fussy eaters." And most of all, it will save many a dollar in your food budget.

There are two types of Home Freezers that both Freeze and Store. 1. UPRIGHT FREEZERS which open from the side, so that you reach into them as you do your refrigerator. 2. CHEST-TYPE FREEZERS are like a trunk and have either one compartment or several compartments so you can sort or file foods.

## SUMMONS

No. 49434

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF SAN MATEO

ARTHUR A. NEWHOUSE, Plaintiff, v. ALL PERSONS claiming any interest in, or lien upon, the real property herein described or any part thereof, Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA TO ALL PERSONS CLAIMING ANY INTEREST IN OR LIEN UPON THE REAL PROPERTY HEREIN DESCRIBED OR ANY PART THEREOF, DEFENDANTS, GREETING:

YOU are hereby required to appear and answer the complaint of ARTHUR A. NEWHOUSE, plaintiff, filed with the clerk of the above entitled court and county, within three months after the first publication of this summons, and to set forth what interest or lien, if any, you have in or upon that certain real property or any part thereof, situate in the County of San Mateo, State of California, particularly described as follows:

Lots 47 and 48 in Block 3, as designated on the map entitled "NORTH MILLBRAE SUBDIVISION NO. 1, SAN MATEO CO. CAL." which map was filed in the Office of the Recorder of the County of San Mateo, State of California, on December 2, 1907, in Book 5 of Maps at page 49.

AND you are hereby notified that, unless you so appear and answer, the plaintiff will apply to the court for the relief demanded in the complaint, to wit: a decree and judgment establishing that the plaintiff, ARTHUR A. NEWHOUSE, is the owner of an estate of inheritance, viz, the fee absolute title of the property described in the complaint and hereinbefore described, of the whole and each and every part thereof, against all of the world, and that there exists no adverse claims of any character whatsoever to the aforesaid title of the said plaintiff, and for such other relief as may be prayed for or authorized by the law and statute in such instances made and provided.

WITNESS my hand and seal of said court, this 12th day of June, 1947.

## Right Setting

Turning to proper tightness is most important in assembly operations, and various devices including a neon flash, show when the desired torque has been reached. Any workman, no matter how much preoccupied, would seem to respond to a wrench recently announced. At the pre-set torque there's a click, a reading on a dial, and a bump to the hand that is said to stop turning by reflex action.

Forty-three per cent of all lands in California are tax-free and Federally owned.

New Red Cross  
Manager Named

Walter S. Martin, chairman of the San Mateo County Chapter, American Red Cross, announced today the appointment of Francis M. Taylor as Chapter manager. Mr. Martin stated, "The Chapter feels exceedingly fortunate in obtaining the services of Mr. Taylor, whose broad experience in Red Cross work makes him invaluable in his new duties."

The new Chapter manager served Red Cross as assistant field director and field director at the Presidio, San Francisco, from 1941 to 1943. During this period, Mr. Taylor worked very closely and was in constant touch with the San Mateo County Chapter, particularly the Home service department and Camp and Hospital service. From 1944 to December, 1945, Mr. Taylor was Red Cross camp service supervisor and regional supervisor in the China theater during World War II. While serving in China, he worked with Colonel Robert Koshland, of Burlingame, who commanded the Twelfth Service Group in that area. Upon his return from China on leave, Mr. Taylor decided to remain in the United States and accepted a position with the San Francisco Community Chest, where he remained until June of this year.

## Creamery Team Loses Upset 12-8; Seven Runs Scored In Ninth Inning

The Millbrae Merchants scored seven runs in the ninth inning to upset the Central Creamery 12 to 8 last Sunday afternoon in Marchbank Park. The Creamery, definitely the favored team, was ahead at the beginning of the ninth by a score of 8-5.

The Merchants were first to bat during that fateful ninth and the first two men up were Longhetti and Dies. Longhetti struck out and Dies grounded out. This made two outs and everyone was sure that there soon would be another out.

Welsh, pitcher for the Creamery, then walked Schiling and Cannon.

Next man up to bat was Dunkley and he hit a fly pop-up between the pitcher and the catcher. This should have been the third out so as to allow the Creamery team could walk off with the game.

But it was a different story. Both the catcher, Valletta, and the pitcher, Welsh, of the local team, ran for the ball but neither of them caught it. As the ball fell in fair territory the bases were now loaded.

Olsen made a single and brought in Schiling to make the score 8-6.

A walk by Suhr forced in Cannon and a single by Billingsly knocked in runs by Dunkley and Olsen to make the score 8-9.

Ryan then stepped up to the plate and his single brought in runs by Suhr and Billingsly to make the score 8-11. Ryan made the last run.

On the Central Creamery side, Welsh and Massone both made two runs while Fair, Valletta, Collins and Fischer each made one.

This Sunday, July 13, at 2:30 p. m. the Central Creamery will play Gray's Tavern at the Big Rec diamond in Golden Gate Park.

Box score follows:

| CENTRAL CREAMERY |    |   |    |
|------------------|----|---|----|

## LEGISLATURE ENACTS BILL TO FOUR-LANE U. S. 101; L. A. TO S. F.

SAN FRANCISCO — Harvey M. Toy, president of the California Mission Trails Association, announced today that with the Legislature's enactment of the new Highway Bill, the State Highway Department will hasten the work of 4-laning U. S. No. 101 the entire distance between Los Angeles and San Francisco.

Several important contracts have already been let and others will be started and rushed to completion as soon as possible. This does not mean, Mr. Toy stated, that the work will be completed within one, two or even three years, as there are considerably over 200 miles of highway to realign or widen and scores of bridges to be built, but it does mean that the program on which the Mission Trails Association has worked so hard will now be carried forward to completion, tying together the two greatest cities on the Pacific Coast, San Francisco and Los Angeles, with a highway which will meet all needs for many years to come.

A total of 264 cases of tuberculosis was diagnosed in 1946 through the facilities of the San Francisco Tuberculosis Association.

## Children Pass Red Cross Swim Class Instructions

The first swimming campaign of the summer has come to a very successful conclusion with many children passing their beginner or intermediate swimming tests. Instruction was held from June 23 to July 3.

The new campaign with over 240 persons enrolled started Monday and Tuesday of this week. The ladies class started Wednesday evening, July 9.

The following girls and boys are qualified as Jellyfish: Carol Bocci, Luanne Eliassen, Barbara Fair, Albert Lagomarsino, Richard Montgomery, Mary Stewart, Irene Wilson, John Cook, Judith DeBenedette, Ramon DePucci, Lowell Klaisner, Fred Lusardi, Frances Prigmore, Russel Duckering, Bert McKenna, John Montenero, Joyce Montenero, Merrilee Faulk, Karl Raffo.

These boys and girls passed their beginner's test which means that they can dive into deep water, jump into deep water, swim a short distance on their backs, and swim 15 yards on their faces in either a crawl or a dog paddle.

Edna May Antonelli, David Barazza, Walter Camozzi, Jean Chamberlain, Owen Charles, Carol Clark, Mary Alice Coverdale, Barbara Dale, Donna Darnell, John Dennis, David Gehringer, Carole Hesselein, Dixie Karnes, Joan Kilton, Dolores Lagomarsino, Evelyn Madriago, Leonard Mullen, John Murphy, Larry Neuner, Carolyn Salogga, Carol Tacchi, Joan Thatcher, Marelyn Towne, Don Williams.

These students reviewed their beginner's test: Patsy Coffee, Dona Enge, Barbara Hesselein, Billy Boyle.

The following passed their intermediate test which includes a five minute swim, a dive in good form, three different leg and arm strokes, treading water, and an elementary back-stroke:

David Barazza, Helen Barazza, Carol Brose, Mary Lou Coconaugher (review), Vivian Cyr, Jean Eliassen, Beverly Stein (review), Billy U'Ren.

Beverly Stein passed her swimmer's test except for the dive from the board. This test includes a ten minute swim and proficiency in a number of strokes.

Although the course was too short for the boys to complete the number of hours required for a certificate, the following took a short course in life saving:

Norman Cady, Jack Cochrane, Edward Cyr, Ronald Dickson, Marlen Williams.

## Senior Boys Lose To Dr. Orwitz Dentist Team, 5-0

An experienced and older Dr. Orwitz Dentist team defeated the Colma Senior Boys' Club 5-0 last Sunday afternoon in Marchbank Park.

This Saturday the Boys' club will play the San Mateo Junior Blues in a practice game in San Mateo at 2:30 p. m.

The local boys already have met the various players of the Junior Blues before as all of the players are members of ball teams in Redwood City and San Mateo. In a game last week the Blues staged a 10-2 victory over the San Mateo American Legion Juniors.

In last Sunday's game with Dr. Orwitz the league umpire did not show up so the usual nine inning game was cut short at the end of the seventh because of the loss of time.

The box score follows:

| COLMA SENIOR BOYS' CLUB |    |   |   |

## Junior Boys Lose To Geneva Merchants, 10-3

The Colma Junior Boys' Club lost its first league game last Sunday at the hands of the Geneva Merchants. The score of the game, which was played at Ocean View, was 10-3.

The heavy hitting of Giacchino of the Boys' club was responsible for two runs — one in the second and one in the fourth. He also made three hits. Mosman made the only other hit for the local team in the second inning.

Goodnol scored the third run in the fourth.

Highlights of the game from the Merchants' angle were their eight runs during the fourth and the hitting of Kucick, catcher, who scored two runs and made one hit during his three times at bat.

The Merchants' second baseman, Louis Maffei, was at bat only twice during the game and each time he scored a run.

## Holy Angels Lose To Bear Photo

The Bear Photo Midgets managed to set back the Colma Holy Angels, champions of the pigmy class of the C.Y.O., last Saturday afternoon during the Boosters' Fiesta in South San Francisco. The Midgets won 6-5 in a thrilling game before a capacity crowd.

Praise must be given to Faustino Quetevis, one of the bay area's toughest pitchers to hit. He fanned eight batters as did Don Cordo, pitcher for the Midgets.

The Holy Angels gathered 10 hits while the Bears got five.

Don Cordo and Henry Huerta took the hitting honors for the winners while Mario Leveroni and Faustino both slammed three for three for the Holy Angels.

The game was well played and the Holy Angels lost only because of a costly error.

The score:

|             | AB | R | H  |
|-------------|----|---|----|
| Midgets     | 17 | 6 | 5  |
| Holy Angels | 24 | 5 | 10 |

Batteries: Cordo and Lenier, Quetevis and Baher.

The State Board of Harbor Commissioners in San Francisco is composed of three members appointed by the Governor and confirmed by the Senate.

## D. C. Merchants Take Eleventh Win; Defeat Powerful Boyes Springs Team

A home run by Fred Lucia, left fielder for the Daly City Merchants, was the margin of victory in last Sunday's 4-3 game against Boyes Springs of Sonoma. Lucia hit the ball into dead center during the second inning.

Until the eighth the Merchants were leading 3-0. The Sonoma boys came back to score two runs. During the ninth Krohn walked, then stole to second. Sylvestri hit a single which advanced Krohn to third. Later Krohn scored on Ray Favero's sacrifice.

The Sonoma team came back in the bottom half of the ninth to score one run which made the score 4-3 in favor of the Merchants.

The Merchants play at home this Sunday at 2:30 p. m. in Marchbank park.

The box score follows:

| DALY CITY MERCHANTS |    |   |   |  |

## Arrested After Chase

Arthur F. Bearsley jr., 28, Palo Alto, was booked for drunken and reckless driving by Redwood City police after a 92-mile-an-hour chase from Redwood City to Palo Alto early Sunday morning. He was released on \$150 bail.

## \$120 STOLEN

One hundred and twenty dollars was reported taken from the cash register of the State Sheet Metal Company, 6084 Mission street, yesterday. The money was reported taken while Nathan Martinelli, the proprietor, was away from the shop during the day.

## Field Day Planned For Next Thursday At High School

A field day for boys and girls will be held at the high school track on Thursday, July 17, the Recreation Department announced today. The competition will start at 10:30 a. m.

Individual scores and playground scores will be kept. Competition will be held in two divisions — A and B for the boys. The girls will have a separate meet.

Events for the boys will be: Classes A and B — 50-yd. dash, 100-yd. dash, 60-yd. low hurdles, 300-yd. relay, broad jump, high jump, baseball throw for distance, football throw for distance, and football punt for distance.

The events for the girls will be: 25-yd. dash, 50-yd. dash, hurdle relay, broad jump, high jump, shuttle relay, baseball throw for distance, soccer ball kick for distance, and 300-yd. relay.

## Children Enjoy Outing Party At Thornton's Beach

On Wednesday, July 2, 130 boys and girls from the five Daly City playgrounds hiked the two miles out to Thornton's Beach for a day of weiner roasting and playing in the sand and surf.

The weather man cooperated by providing a comfortably warm day and just a slight breeze.

All the playground groups met at Marchbank Park at 10:45 a. m. The hike requires less than one hour.

Most of the youngsters removed their shoes and stockings to cool their feet in the water as soon as they arrived at the beach.

The group started back at 2:45 p. m. and arrived in Daly City one hour later, tired but happy.

This week, on Friday, July 11, the youngsters are going on an excursion to Golden Gate Park. Points of interest visited will be the aquarium, museum of African animals, the de Young museum, Japanese Tea Garden and the Arboretum.

Next week a roller skating party is scheduled for Friday, July 18. A large group is expected to attend.

## Non-flammable Fabric

A plastic-coated upholstery fabric that will char on contact with a flame but will not support combustion is expected to find wide usage in boats, office furniture and restaurant seats.

## Instruction In Casting To Start On Sunday

The Pacific Association of Casting clubs in cooperation with the Daly City Recreation Department will give casting instruction at the high school football field starting Sunday, July 13, from 10 to 12 a. m.

The instruction is open to both men and women and among the topics to be introduced will be how to balance equipment and where to go for the big ones.

Classes at the present time are scheduled for every other Sunday morning but if enough persons are interested in the instruction classes will be held every Sunday.

## Commercial Sponges

Many species of sponges cannot be used commercially because of glasslike needles embedded in their tissues. The true commercial sponges, when alive, are of varied somber colors from yellowish gray to coal black. Most of the work of detaching the dark, liverlike flesh from the valued skeletal network is done by giving it a few days to decompose on lonely island shores near the sponge-harvesting beds.

## OFF THE BLOTTER

Housebreaking and attempted burglary took up most of the time of the police department this past week.

Someone opened the window and knocked a flowerpot into the kitchen sink of the home of Orville Wendricks, 424A Irvington street, sometime yesterday. Nothing was reported taken.

On Sunday evening, Erick Diebel, 353 Bellevue avenue, reported to the police that a window in his home had been broken and he thought that someone had entered his house. After an investigation it was found that nothing was taken.

A 1939 motorcycle was stolen and recovered this week. The motorcycle belonged to Gerald Johnson, 708 Capp street, San Francisco. It was found with its front smashed at the corner of Alp and Mission streets.

William T. Gilheaney, 345 Rolph street, San Francisco, was arrested on Saturday afternoon and charged with violating sections 510 and 505A of the C.V.C. after he was reported traveling between 80 and 90 miles per hour on Mission street from San Francisco.

A boy's 26 inch silver painted bicycle was found in front of 209 Oliver street on Friday morning. The bicycle is now at the police headquarters.

## Eagles Bowling Team Loses To San Bruno

For the first time in five weeks, the Daly City Eagles bowling team lost a game. This time the defeat was handed by the San Bruno Legion. This leaves the local team in third place, while Borden's and Casa Mateo Inn are tied for first place. The San Bruno Legion is in second place spot.

The Eagles dropped two games to the Legion and the good bowling of Julie Selmi and Guide Lazzari kept the Eagles from losing three games. Lazzari rolled 512 and Selmi rolled 511 in the series.

## Wool Straightens Out

Less work is everyone's desire and in caring for woolens, less pressing is necessary when garments are given a rest after a day or two of wear, since the wool springs back and some wrinkles drop out.

## Fourth Too Much For Some Who Tried A Fifth

The long Fourth of July week end with the 2 a. m. closing was too much for some Daly City residents who wanted to make the anniversary of the signing of the Declaration of Independence a happy occasion.

For his activity Harry Bruhns, 10 Old Mission road, Colma, is now serving 30 days in the county jail. Bruhns was originally charged with being drunk and sleeping on the counter of the Daly City Creamery on last Thursday evening.

He pleaded guilty to the charge and was given a suspended sentence of 30 days. But he broke a probation period so he landed in jail.

Charles T. Vandewater, jr., 576 Valencia street, San Francisco, was also charged with being drunk and sleeping in the Daly City Creamery on the same evening. He was released, however, and ordered to appear Friday before Judge Sweeney during court session.

Also ordered to appear Friday in court are Albert F. Burr, Wilton, California, and Robert A. Jardine, 57 Romana street, San Francisco. Both men were found under the influence of liquor in front of the Hilltop Lodge last Friday evening.

Joseph E. Smith, 2400 Diamond street, San Francisco, was arrested this week after driving his automobile through the signal at Hillcrest drive and Mission street, taking two lanes of traffic and being chased for four blocks by the police.

Smith was charged with being drunk. He was released on a \$250 bond and ordered to appear in court on Friday.

## Buy Furniture Wisely

When buying a piece of furniture with glass doors, examine the inside of the door. If genuine mahogany, most likely each section of glass is an individual pane, held in place by carefully joined sections of wood. Beware the shoddy workmanship indicated by a glass door made of a single pane with wooden jig-sawed pattern superimposed on the outside to imitate a wooden grille.

## Bank of America

## Goes To Jail Rather Than Pay \$25 Court Fine

Joe Joseph, 559 Valencia street, San Francisco, was sentenced to 10 days in the county jail by City Judge William F. Sweeney during last Thursday's court session.

Joseph pleaded guilty to a charge of being drunk in a public place. For this offense he was fined \$25 or the 10 days. Joseph said he would rather go to jail than pay the fine, so Judge Sweeney passed the sentence.

Joseph was arrested on June 21 in the La Clare restaurant, 6266 Mission street, after the proprietor of the restaurant, Hans O. Fjeldmoe, claimed that Joseph burned a hole in one of the restaurant's leather stools.

Joseph pleaded not guilty to this charge and asked for a trial. The trial took place during the regular court session last Thursday.

## Council Lifts Midnight Ban

Residents of San Bruno can bend their elbows and put their foot on the brass rail until 2 a. m. for the midnight liquor curfew is a thing of the past.

Last Wednesday evening, the city council suspended a recently enacted midnight closing of night spots. This means that bars in San Bruno may remain open until 2 a. m., the deadline now prevailing through the state.

San Bruno used the state law requiring bars to serve food to enact its law closing all restaurants at midnight, thus, in effect, closing the bars.

## WITH WILBUR FELLOWS IN MEXICO CITY...

Wilbur Fellows, who was graduated last month from the San Mateo Junior College, is spending the summer as a student at the College of Mexico City before he takes up language work at the University of California in Berkeley this fall. The Daly City Record has asked Fellows to write several articles of his experiences in Mexico and these articles will appear in this and in future issues. The young student is the son of Mr. and Mrs. Horace Fellows, of 163 Vista Grande street.

One morning I woke up and found myself in Mexico. I looked out of the bus window as we drove along the Pan American highway and saw mile upon mile of banana trees. The trees are grown in some places on 85 and 90 degree slopes, which make the hillside gardens and steep streets of San Francisco seem almost level.

The four and one half day trip down here was pretty tiresome but, as always when I travel, I enjoyed myself very much. The only trouble that I experienced was a 12 hour wait on the Texas-Mexican border.

Mexico is a beautiful country—nothing like the stories you might have heard from people who have never been further south than Monterey. As for the highway, it is a fine two lane highway, just like some of the ones around San

Francisco, and the road is continually climbing in a winding manner and then dropping off again at the many high places along the way.

On June 29, I saw my first bullfight and have gone back twice for more since then. My room mate, Bill, two other fellows from the College of Mexico City, and the little Spanish boy of the household, Leopold, and myself took off in one of the U.S. Army's surplus jeeps for the "Corres de Torres" which is about two miles from the center of Mexico City.

All of us agreed that the promotional build up that bullfights have received is not overly emphasized. In fact, it really is a beautiful spectacle.

The fans are as much fun as the fight. Sometimes the fans get excited when they don't like a fight and start throwing cushions and bottles and most anything movable into the bull ring.

Now for the driving on the streets of Mexico City. I thought they drove reckless back home, but it is nothing to what happens here. These Mexicans are like a bunch of kids driving a new bicycle for the first time. They drive extremely fast with little care of who or what they hit. And another thing which is continually annoying is the habit of continually blowing auto horns. It sounds like New Year's Eve here all day long.

## Three Runaway Cars Cause Heavy Property Damage Over Week End

Three automobiles — two of them within an hour of each other — became runaways during the long week end and caused some property damage.

Last Friday morning at 10 a. m. Ignacio Garcia, 400 Visitacion avenue, San Francisco, was visiting the home of Mrs. Marian Pena, 285 Acton street. His 1937 Hudson sedan was parked outside the house. But suddenly the automobile ran unattended down Acton street and struck a building at 264 Acton street belonging to C. M. Lee.

Damaged were a garage door and the front of the Lee residence. The Garcia car was also damaged. The result of the accident was that Garcia was charged with parking his car without turning the wheels toward the curb and of being without an operators license.

Less than one hour after the Garcia car rolled down Acton street, Norbert J. Eschenauer, 171 Vista Grande avenue, saw his 1941 Hudson pick up truck roll down Knowles avenue.

The automobile belonged to Claude R. Currie, 3420 18th street, San Francisco. It was parked at Knowles and Mission street and ran unattended down Knowles avenue, jumped the curb and struck the wire mesh fence on the property belonging to E. Sandberg of 48 Knowles avenue.

Damaged was the wire fence and the car. Eschenauer was

charged with having no operators license and parking without a hill hold.

On Saturday evening, Walter B. Oliver, 214 Alexander street, saw a Hudson Terraplane which he had been driving roll down a hill and damage a picket fence.

Michael Chasker, 776 Madrid street, was charged by the police of parking without a hill hold after he hit an iron pole at the corner of School and Mission streets on Saturday.

The importance of parking on a hill without turning the wheels toward the curb was stressed in traffic court last Thursday by City Judge William F. Sweeney.

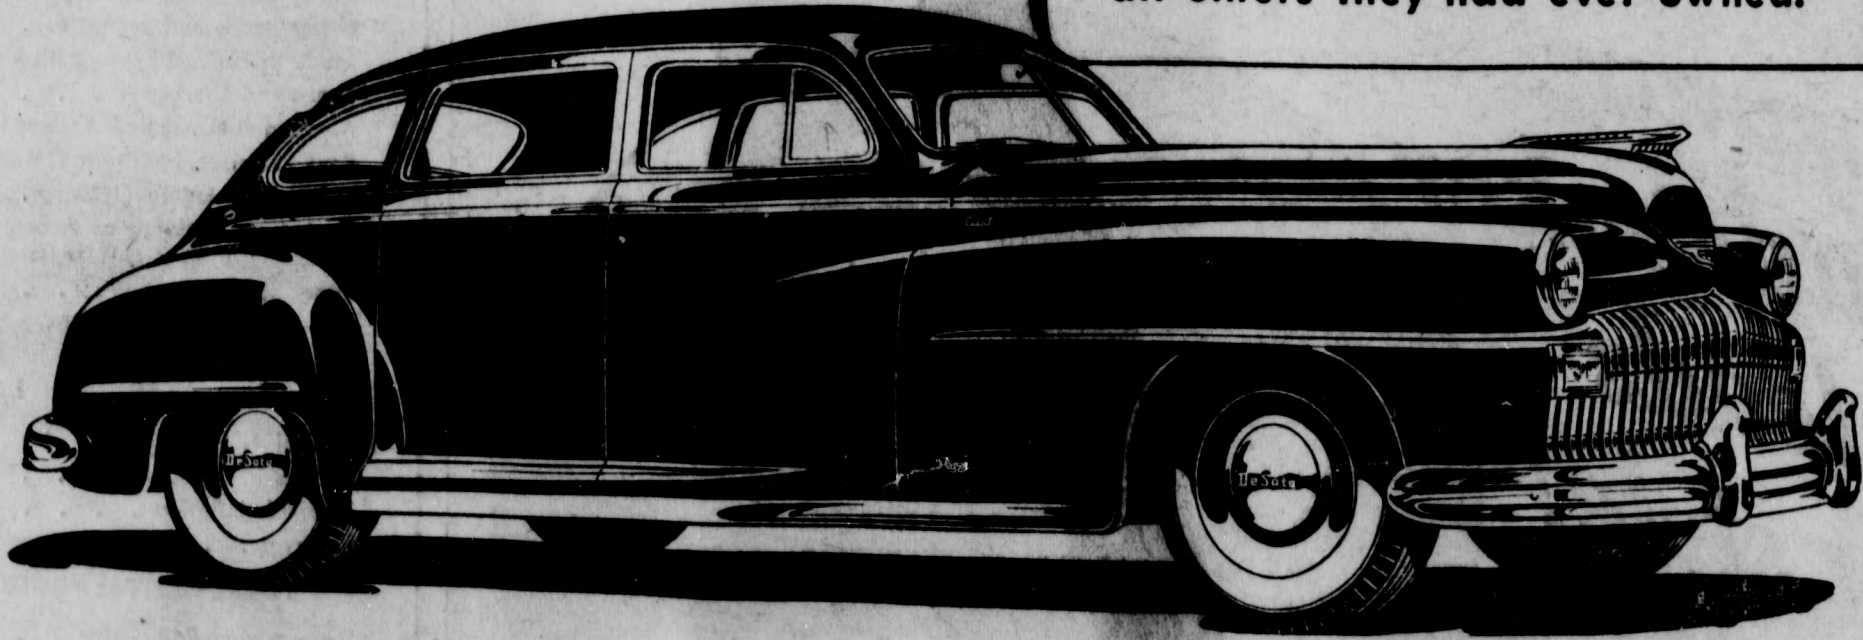

He fined Arthur Doucette and the J. E. Higgins Lumber Co. both \$2.50 for parking without having a hill hold.

### Different Steels

Steel is steel to most people, but to a metallurgist there are different kinds of steel. In one make of automobile most of the outside parts are cold-rolled steel. Hot-rolled and strip steel, more malleable but not as highly finished, account for such parts as floor pans, frames, bracings, radius rods, axle housing and running boards. Cold-drawn bars are used chiefly in drive shafts and screw products. There is terne plate in the gas tank and special sections in the front axle and brake shoes.

**“DE SOTO...  
the best car I ever  
owned, regardless  
of price!”**

What the overwhelming majority of new De Soto owners answered (in a nationwide poll) when asked how their new car compared with all others they had ever owned.

## Navy Sea Diver Saved From Bends

Alfred H. Hanson, professional deep-sea diver of Cambria, California, can thank the navy today for his probable escape from paralysis resulting from a critical attack of the "bends." Stricken yesterday, Hanson was flown to San Francisco from San Luis Obispo and rushed to the Naval Net Depot, Tiburon, where he was placed in a recompression chamber and attended by medical officer Lieut. (j.g.) J. P. Conrad. He remained in the chamber 11 hours, was served regular navy chow through a special door, and was released fully recovered at noon today.

Captain Edwin T. Layton, commanding officer at Tiburon, said the chamber duplicated underwater pressure encountered at 165-foot depth.

Married, Hanson is the father of 3 children, Jean 10, John 9, and Peggy 8, years old. Three former navy divers from Tiburon, now employed by him, rushed him to the airport at San Luis Obispo.

## Gerald G. Mills Attending Washington U.

ST. LOUIS, Mo. — Among the 4100 students enrolled in Washington University Summer School is Gerald G. Mills, 499 Willits street, Daly City, California.

Students from 42 states and 11 foreign countries are enrolled this summer. Missouri leads with 2,494, followed by Illinois with 422. Other states well represented include New York and Arkansas with 23 students each; Kansas, 17; Indiana, 16; and California, 13.

## Barbed Wire

Barbed wire fence was first de-  
veloped and manufactured in De-  
Kalb, Ill., in 1874.

## ALMA TRIO TO PRESENT 3 CONCERTS

The first of three evening con-  
certs by the Alma Trio will be pre-  
sented in Wheeler Hall on the  
Berkeley campus of the University  
of California Friday, July 11, at  
8:15 p. m. The series is sponsored  
by the University's Committee on  
Drama, Lectures and Music.

Roman Totenberg, violin; Adolph  
Baller, piano, and Gaber Rejto,  
'cello, will open the program with  
the Beethoven "Trio in B Flat  
Major, Opus 11." They also will be  
heard in Schubert's "Duo for Violin  
and Piano" and the "Sonata for  
'cello and Piano" by Debussy. The  
closing work will be Brahms' "Trio  
in B Major."

## BEES FLOWN TO NEW SOUTH WALES

DAVIS—Six queen bees, sent by  
air from the College of Agriculture  
on the Davis campus of the Univer-  
sity of California, have arrived in  
Sydney, New South Wales.

This word was received by Dr.  
J. E. Eckert, professor of entomol-  
ogy in charge of bee work, from  
the Australian ministry of agricul-  
ture.

Valued at \$600, the bees were  
shipped in separate compartments  
of a large cardboard box and ar-  
rived in good condition. First to  
cross the Pacific Ocean, the queens  
will be used for experimental  
breeding.

The bees were a gift from the  
College of Agriculture to Australia.  
Dr. Eckert wants to find out how  
well they stand a flight of this  
length at the various altitudes the  
airplane travels.

## WHERE TO GO --- WHAT TO SEE --- WHAT TO DO ---

The list of activities for the coming week end of July 11-13 carries some interesting items for both inveterate and occasional week-enders. The Travel and Recreation Department of the California State Chamber of Commerce calls your attention to such varied events as the Folk Dance Festival at Kentfield, Pescadero's Sixth Annual Festival and Rodeo, a suntan contest at Lake Arrowhead, Pacific Beach Fiesta Days, and the fishing derby which opened July 2 at Manhattan Beach. In addition there is Starlight Opera nightly in San Diego and a historic Cavalcade and Fiesta celebrating the 178th anniversary of the founding of Mission San Diego de Alcalá on July 13.

Folk Dance Festival at Marin Jr. College, Kentfield, July 13

Sixth Annual Festival and Rodeo, Pescadero, July 12-13

Holy Ghost Celebration, Dixon, July 12-13

Suntan Contest, Lake Arrowhead, all July

Fishing Derby, Manhattan Beach, July 2 to September 2

July Sailing Series, Newport Harbor, Small Boat Classes, July 12-13

Pacific Beach Fiesta, Pacific Beach, July 9-13

Star Light Opera, Wegeforth Bowl, Balboa Park, San Diego, opens July 9

Historical Cavalcade and Fiesta, Mission San Diego, July 13

## A.T.C. Officer Returns To S. F.

Lt. Col. Edward F. Maguire, Army Transportation Corps officer returned recently from overseas service in Hawaii and the Philippines and reported at San Francisco Port of Embarkation for duty.

Colonel Maguire entered military service in July 1942 and served at the San Francisco Port as motor transportation officer before going overseas. He was a traffic manager and automotive engineer in civilian life.

A lifelong resident of San Francisco, he resides with his wife and daughter Patricia at 1011 Castro street. He is a son of Mrs. William A. Maguire of 35 Casa way and is a graduate of Polytechnic High school and Healds College.

## Institute In Nursing Presented By U.C.

An institute in nursing and mental health will be presented by the University of California School of Nursing in cooperation with the State Department of Public Health beginning Monday, July 14, through Friday, August 1. Classes will be held in the Life Sciences building on the Berkeley campus of the University of California.

The institute will cover basic knowledge of growth concepts and personality development, with emphasis on the application to nursing practices. Special attention will be given to child care and opportunities in everyday practice to promote the development of good mental health.

Enrollment in the course will be limited to 100 graduate nurses. Further information may be obtained from the Department of Institutes, University Extension, University of California, Berkeley 4.

AMERICA'S OUTSTANDING  
OUTBOARD!

IT'S THE NEW

*Martin*  
OUTBOARD MOTOR  
See it now!

● It's truly remarkable! You won't believe it until you see it. It's one motor that does what you always thought it would take two motors to do. It carries you over the water at speeds that take your breath away and it thrattles down to perfect, crawling, mile-an-hour trolling.

It's the new MARTIN MOTOR ... flood-proof, sputter-proof ... instant starting. Its sparkling performance secret lies in a revolutionary new principle ... mechanically-controlled poppet valves!

MARTIN gives you everything you would ordinarily expect in an outboard motor, plus many highly-important exclusive features.

See it fellas,  
it's a beauty!

## TENDER JUICY MEATS...perfect to barbecue...Get them at SAFEWAY

An outdoor barbecue makes appetites sit up and take notice. Food always seems to taste better when cooked out of doors, eaten out of doors. Barbecues, nevertheless, put meat to a severe test. To cook perfectly they must be top-quality—tender, juicy and full-flavored throughout. Safeway offers steaks and other meats for barbecuing that are guaranteed to pass this test every time. Try these superb meats. And remember, your purchase must please you 100% or your money back.

# GIRLS NOW IN MINORITY AT U.C.L.A.

LOS ANGELES — Before 1937 and during the war years, 1941-45, it was sometimes scornfully referred to as "The Westwood School for Girls."

But no longer does the Los Angeles campus of the University of California suffer under this odious nickname. According to Clyde S. Johnson, acting dean of undergraduates, the Joe Bruins outnumbered the Josie Bruins during the 1947 spring semester 8,612 to 5,203.

More than that, Joe Bruin of 1947 is a rather different character than his prewar brother.

He's older and more likely to be married. In 1941-42 only 25 per cent of the men were more than 22 years of age; now 60 per cent are 25 and over. About one in five today has a wife whereas before the war only 3 per cent were married. He's househunting and he's commuting. Before the war 65 per cent of the men lived at home with their parents; now only 50 per cent do. The others are having a tough time finding shelter. Twenty-five per cent ride the bus, and 60 per cent drive in automobiles. It takes him an hour or more for 73 per cent to get to the University. Diego's studying harder, which means that he has less time to spend on outside jobs. G.I. subsistence payments help to keep him going rather than working after school.

# Ex-Navy Diver Escapes Injury In Plane Crash

A former navy deep sea diver barely escaped from drowning when he crash landed his small plane into a water filled ditch near the Bay Meadows airport last Thursday. He was Dan Walker, 18, of San Mateo. His only injury was a minor cut on the

wrist.

Walker was returning light planes on a ferrying flight from Los Angeles. The crash occurred during an emergency night landing. He plunged into the water underneath his smashed plane and had to crawl through the shattered plane to escape drowning.

The plane, a Taylorcraft, lacked instruments and Walker said he was unable to see the horizon during his approach to the landing field.

## News Notes For Sportsmen

Copper pollution in the Redding rearing ponds will hold up indefinitely the establishing of kamloop trout in this state by the Northern California Sportsmen's Association, Henry Clineschmidt, chairman of the Lakes and Streams Committee of the Associated Sportsmen of California, said today.

Authority to purchase the large rainbow-like trout was granted the northern association by the State Fish and Game Commission. However, trout planted previously in the sportsmen-built ponds at Redding died, of copper poisoning, Clineschmidt claimed.

The Division of Fish and Game sent a biologist, J. H. Wales, into the area, and he reported the copper content of the Sacramento river at Redding to be .02 parts per million, .01 part less than the amount "usually taken to represent critical or dangerous conditions."

Mr. Wales indicates some trout of conditioned resistance survive all right but others more sensitive to copper die.

Only if kamloop trout prove very "resistant" to copper, or the Mountain Copper Co., and nearby abandoned mines provide, or are provided with, facilities to check the pollution can California anglers hope to creel fighting trout up to 35 pounds or more, Clineschmidt declares.

John I. Maga, sanitary engineer of the Division of Fish and Game, is quoted by the Associated Sportsmen as stating the copper companies "should definitely provide better facilities for copper removal."

The State Board of Forestry has joined with the Division of Fish and Game and the Associated Sportsmen of California in adopting a resolution calling for the integration of conservation education in the California school curricula.

The resolution adopted by the forestry board follows word for word those put forward by the fish and game bureau and the 107-club sportsmens association.

The general program is to petition the State Department of Education for the injection of a sound and effective system of conservation teachings into all school phases from elementary

**Use Good Cranberries**  
Be sure to discard shriveled or soft cranberries before using the fruit since these few poor fruits may give the food a bitter taste. Cranberries can be used in pies with raisins, to reduce the use of sugar, yet make an excellent dessert that has the real cranberry flavor.

through public universities.

The Associated Sportsmen of California have forwarded to Thomas M. Edwin, Puente, a list of recommendations to be considered by the interim committee on fish and game. The recommendations were made at the specific request of Assemblyman Edwin and included the following:

1. The problem of access to public domain (blocked by private property holders in some areas).

2. Private vs. Public game management areas (relating to extended seasons on upland game birds for certain private groups).

3. Halting of netting in inland waters (aimed at stopping "boot-legging" of game fish by some commercial fishermen).

4. The possibility of divorcing the Bureau of Marine Fisheries from direction of inland water problems.

5. The possibility of electing State Fish and Game commissioners by districts—said districts to be set up for the purpose.

6. Arranging a meeting between the Interim Committee and interested organization to program future legislation.

The board of directors of the Associated Sportsmen of California will meet at Sacramento Sunday, July 13, to decide on convention procedures, it was reported today. The board meeting proceeds by one week the general meeting of the state council, set for San Francisco, July 20.

"Keep California Green and Golden."

## Paganini Quartet Opens July 20 At Geary Theatre

The Paganini Quartet — four great artists playing Stradivari once owned by the virtuoso for whom the quartet is named — will return to the Bay Area on Sunday, July 20, to present a concert at the Geary Theatre in San Francisco, sponsored by the University of California's Committee on Drama, Lectures and Music.

The Quartet, composed of Henri Temianka, first violin; Gustave Rosseels, second violin; Robert Courte, viola, and Robert Maas, cello, made their debut as an instrumental group at the University last September. They have since gone on to win acclaim from critics throughout the United States and Europe.

## WAR SURPLUS --- BIG BUSINESS

SAN FRANCISCO — A third of a billion dollars worth of war surplus goods was disposed of by War Assets Administration through its northern California offices during the fiscal year ended June 30, Regional Director Leland C. Dedo announced tonight. This made WAA the biggest mercantile activity in the west, he added.

Total disposals for the San Francisco region were \$33,438,942.19 for the 12 months, Dedo said, an

**Good for Food**  
Did you know that dandelion is a good food crop? It is a hardy, cool-climate crop adapted to much the same conditions as kale and spinach. It will grow through winter if mulched over lightly, and produce greens very early in the spring.

average of \$27,786,578.68 per month. June disposals alone were \$26,434,655.55. The best month was May, \$64,526,005.

Dedo said figures on the amount recovered were not yet available, but probably would exceed \$66,000,000.

## VA Extends Date For Insurance

The Veterans Administration today extended to January 1, 1948, the deadline for 9,500,000 veterans to reinstate lapsed National Service life insurance policies without physical examinations.

Veterans of World War II who have allowed their National Service Life Insurance to lapse have until that time to reinstate their G.I. term insurance by simply submitting a comparative health statement.

A "comparative health statement" over the veteran's signature to the effect that his health is as good now as the date he allowed the policy to lapse.

This comparative health statement, plus two monthly premiums is sufficient to reinstate term insurance. The premiums are the same low rate that the veteran paid for his insurance while in the service.

More than 50,000 veterans in the VA Branch 12 area (California, Arizona, Nevada and Hawaii) have reinstated their G.I. term insurance since the VA launched their NSLI information campaign last February 3.

All veterans of World War II who allowed their G.I. insurance to lapse are being urged to give serious consideration to their peacetime insurance needs during the month of July.

National Service Life Insurance provides the veteran with more protection, at a lower cost, than any other type of insurance — and it is a privilege available only to veterans.

\*\*\*  
Question: What benefits, other than subsistence allowance, is a veteran entitled to while pursuing a course of instruction under the G.I. Bill or under the Vocational Rehabilitation Act.

Answer: Veterans Administration will pay for his tuition, books, supplies, fees and other authorized expenses within certain limitations. A disabled veteran may receive a pension or compensation and subsistence allowance concurrently.

## U.C. BREAKS ALL SUMMER SESSION ATTENDANCE RECORDS

BERKELEY — All records for summer session registration on the Berkeley campus of the University of California were smashed last week when late enrollments brought the total to 9,703 students. Previous high was last year's 8,117.

Of the total, 5,665, or 58.4 per cent, are veterans.

The six-weeks session will end August 2 and will be followed by a second short term, August 4 to September 13. Registrations for this second session will approximate those of the one now in progress, University officials believe.

## "Big Three" Could Profit From Mistakes Made 300 Years Ago

LOS ANGELES — The "Big Three" of today's international politics, the United States, Russia, and Great Britain, could profit from the mistakes made by the first Triple Alliance, England, Sweden, and the Netherlands, nearly 300 years ago.

So says Dr. Waldemar Westergaard, professor of history on the Los Angeles campus of the University of California who has recently translated and edited the letters of Christopher Lindenov, Danish envoy to London, 1668-1672.

These letters had escaped the attention of investigators until Dr. Westergaard brought them out of their hiding place in the Danish State Archives and had them microfilmed in 1940, just prior to the German invasion of Denmark. The book is published by the Yale University Press and is called The First Triple Alliance.

"Historical parallels are often deceptive," says Dr. Westergaard, "and 'lessons' may be drawn from history to fit any theory. But it is hard to escape the conclusion that the idea of equilibrium, the restoration of balance of power in some form, is one of the vital issues underlying the second World War."

Lindenov's dispatches, from which Dr. Westergaard prepared his new book, provide a new source of seventeenth-century history that has not been used previously either by Danish or English historians.

## Men Eligible For ORC Appointment

The War Department has announced that young men without previous military experience between the ages of 20 years and six months and 28 are now eligible to apply for assignment to U. S. Army officer candidate schools, upon successful completion of which they may receive direct appointment in the Officers' Reserve Corps. Qualified applicants will be required to enlist in the regular army if accepted, but will be guaranteed immediate discharge from service at any time they are found disqualified while in basic training or in officers' candidate school.

Complete details regarding all requirements and proper method of application are available now at the local U. S. Army Recruiting Station, 428 Market Street, San Francisco, California.

## Station Operators Subject To Tax On Gas Storage

SACRAMENTO — Service station operators, garage men, wholesalers, contractors, industrial concerns, and others owning 500 gallons or more of gasoline on July 1 will be subject to a special storage tax of 1½¢ per gallon under a bill just approved by Governor Earl Warren. The tax must be paid by July 15, and is to be reported to the State Board of Equalization as the administrative agency.

Explaining the basis for this tax, George R. Reilly, First District member of the Board, pointed out that the gasoline tax is collected normally from the refiner at the time of the first sale. He added:

"Where storage facilities are available, quantities of motor vehicle fuel may be acquired on a 3¢ tax basis prior to July 1, but resold or used after that date, when the tax rate is advanced to 4½¢. To avoid the discrimination which would otherwise result, the Legislature has enacted this law requiring persons storing gasoline under such circumstances to pay the 1½¢ supplementary tax."

## VIOLATORS FINED \$25 TO \$100

SACRAMENTO — The "under-sized and overlimit" season now holds sway on the Sacramento River.

More than thirty violators seized by wardens in the past three weeks have paid fines ranging from \$25 to \$100 to Justices of the Peace, according to the California Division of Fish and Game.

Wardens with binoculars watch the merry anglers haul in the baby striped bass. Then they haul in the violators.

One dream house that figures so prominently in American thoughts is a "ranch" or "ranch type" home, according to an article in the Encyclopaedia Britannica 1947 Book of the Year.

In discussing the trends in housing, Richard M. Bennett, Chicago architect and author of the article, writes:

"The acceptance of modern design was shown by polls of consumer preferences in the United States, which indicated a majority interested in modern or 'ranch type' homes.

"In residential design trends apparent before the war continued," the article points out. "Rooms became smaller because of rising costs, but were often made to give a greater sense of space. This was done by means of large glass areas and free planning which allowed one room to merge with another in a manner adding space to both. The decreasing number of children in families, fewer servants and a greater number of women in business and professions.

"The danger of atomic warfare seemed to have had little effect on building plans generally," the article adds, "although reports from Sweden indicated advances in subterranean factories. It was claimed the excess initial cost of such plants was offset by decreased maintenance to a marked degree. The totality of future war was so well understood that more hope was being placed in international action to prevent war than planning and design as a defense against its terrors," the article concludes.

## U.C. SUMMER CAMP OPENS AUGUST 3

SAN FRANCISCO — Diabetic children will live and play as other children on a vigorous mountain vacation when the University of California Medical School's summer camp opens its tenth annual session August 3 at Whitaker Forest in the Sierra.

The only camp of its kind in the West planned for diabetics, it offers games, swimming, hiking, and overnight trips under the watchful supervision of doctors, nurses, dieticians and a laboratory technician.

Except for the dietary regime, the camp will be conducted just as other summer camps are, with recreational directors and counselors in charge of activities. The camp is conducted in cooperation with the University of California College of Agriculture and Agricultural Extension Service.

Dr. Mary B. Olney, of San Francisco, is director of the camp, and Dean Francis S. Smyth, of the Medical School, is camp consultant.

With improvement and expansion of camp facilities during the past months by the College of Agriculture, the camp this summer will offer vacations to 160 diabetic children, 40 more than previously accommodated. The camp is split into two two-week sessions, the first beginning August 3 and the second, August 17.

## Civilian Officers Can Now Arrest Sailors

A directive from the secretary of the navy, in response to numerous requests, will allow civil authorities to arrest enlisted naval personnel in continental United States, Alaska, Hawaii and the Canal Zone, where proper warrant is presented.

Prior to the issuance of this directive civil authorities were compelled to procure from the Navy Department, authority to hold naval personnel who had committed criminal offenses.

Report of delivery to civil will not be made without prior specific authority of the navy in cases where disciplinary proceedings are pending or man is undergoing sentence or in case of request by the state.

## Chicken Pox Increases

There are more chicken pox cases than usual in San Mateo county at the present time, Dr. Charles C. Gans, county health

director, said today. The disease has not reached epidemic proportions, he admitted. There have been 783 cases to date as compared with 318 last year.

## Warped Door

Straighten a warped door by putting a third hinge midway between those already on the door.

## YOU'LL SAVE MONEY AT TRUCK HEADQUARTERS

WITH...
